

for March: "Story Book Theater; Magic Tricks; This is Tricky"

Our **Early Childhood Enrichment** program is designed for EC4s, and half-day Kindergarten students who are ready for a longer day of learning. Redeemer students stay for Lunch Bunch after their morning classes. They have a short rest, and at 1:30, continue their afternoon in the EC4s classroom. ECE & Lunch Bunch and aftercare are open to friends of Redeemer. ECE ends at 3:15 p.m. (school dismissal time) and students are dismissed from the playground (car line).

Our program is focused on one theme-based subject each month. ECE allows students to develop social skills and team-building while reinforcing math, language, science, and social studies through individual and group projects.

Each afternoon involves a combination story time, activity/project (small-motor skills), and outdoor play (large motor skills).

Registration forms are sent home at the beginning of the prior month and are recorded in the order received (with payment) until the section is full. Forms and payment are due by the 15th of the month prior.
